SANTA CLAUS CARTON

Bess E. Richardson of Los Angeles, California

Patent No. 1,684,244

Patented Sept. 11, 1928

Fig. 1

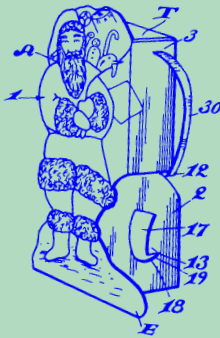

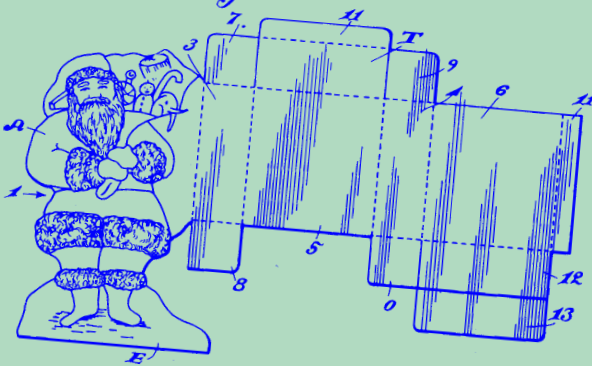

Fig. 2

This Santa Claus Carton comprises a front wall with a pictorial representation of Santa Claus, attached to the illustrated side walls, back wall, and indicated flaps for assembling and reinforcing said carton. This carton may be formed of any flat material such as thin cardboard or the like.
